Donna Kelly-Williams, RN, President
Massachusetts Nurses Association

Dear President Kelly-Williams, Sisters and Brothers of Brigham and Women's Hospital,

We, as a union of nearly 40,000 registered nurses, stand with you in your struggle to achieve a fair contract!

We fully appreciate that your demands for safe staffing, equal benefits, fair wages and other provisions pertaining to safe working conditions, fair wages and benefits and quality patient care are essential to your members and the communities you serve.

As nurses in public and private hospitals across New York State, we have waged battles on these same issues and terms and support your committed action to protect the profession and quality patient care.

Upon reading of the staggering profits made by Brigham and Women's, we wish to impart a message to your management: Patients over profits!

NYSNA is prepared to support you in any way you deem necessary.

In solidarity,

Pat Kane, RN
Treasurer, NYSNA

###

The New York State Nurses Association (NYSNA) represents more than 39,000 members in New York State. We are New York's largest union and professional association for registered nurses. For more information, please visit our website at www.nysna.org.
